Dear Ms Karnika Seth,

This is a very inadequate note of thanks and appreciation for your kind acceptance of our invitation to be a Resource Person for the Faculty Development Programme, conducted for the Teachers of Birla Education Trust Schools and for the thought provoking and educating presentation you have made on the occasion.

We received excellent feedback on the interaction the participants had with you and look forward to make use of expertise and experience in days to come too.

Once again, we thank you for your cooperation which has enhanced the gravity of the FDP many fold.

With warm regards  
Yours sincerely
